

DISCOFIX C-3 WE SAFEFL10CM

DISCOFIX C-3 weiß m.Safeflow Membranventil 10 cm

PZN: 17366165

Inhalt: 1 St

Hersteller: B. Braun Melsungen AG

Zweckbestimmung

Multidirectional stopcocks for infusion therapy and monitoring. Discofix® C stopcocks with Safeflow are made to switch on and off or to mix infusion solutions or liquid drugs and to deliver them through the patient port into the patient. They provide the opportunity to give liquid drugs into the infusion system or to draw blood or other body fluids out of the infusion system. Stopcocks can also be used as a control element for invasive pressure monitoring.

Zusammensetzung
